The **RMAA Conference and Congress** will be hosted on the 5th-7th June 2019 at the **Spier Wine Farm in Stellenbosch**; Western Cape.

During the Conference the Presentations Include:

- **Economics** - Challenges and Opportunities in the International market
- **Meat Safety** - Microbiological risks and sampling Guidelines - The Identification of Zoonosis meat production
- **Consumer Assurances** - Principles and guarantees on branding of products, The right of the consumer
- **Disease Control** - Foot and Mouth Disease - The impact and outcome of the most recent outbreak in the Vhembe district
- **Welfare** - International tendencies and practices with regards to Slaughter

*More Information on speakers will be sent to you shortly*

*Programme to be finalised*

During the Congress feedback and discussions will include:

- The implementation of independent meat inspection services
- **VPN 52** - Microbiological monitoring at abattoirs
- Mass calculation of pigs as part of meat classification
- Feedback on the Industry statutory application 2020/2021
- **Residue Monitoring** as part of our meat safety assurances
- **Recall procedures at abattoirs**

*Programme to be finalised*

Jarvis will once again sponsor the attendance of the first person of every abattoir that is a RMAA Member

We invite all industry leaders, abattoir owners, representatives from industry organizations and the trade, government officials, research and educational executives to join us at our Annual Conference and Congress.

**The Challenge of Change - It starts with you**

**Die Uitdaging van Verandering - Dit begin by jou**
RMAA Background

The RMAA is an independent membership-based organisation, which was established in February 1991 with its primary aim being the provision of services and training at all abattoirs in South Africa.

The Association is a representative forum for red meat abattoir owners in South Africa and aims to establish communication and cooperation between the members of the Association in order to determine a coordinated opinion on matters of general, as well as specific, importance. The Association provides members with specific and general information and technology regarding all aspects of the industry and related activities and renders services to advance and promote the industry. The association also provides slaughter and formal training to abattoirs.

The red meat abattoir industry currently comprises of approximately 470 abattoirs ranging from rural to high throughput. The Meat Safety Act, 2000 (Act 40 of 2000) addresses measures to promote the safety of meat and animal products and to establish and maintain Essential National Standards in respect of all abattoirs in SA. Consideration is always given to national and international guidelines and regulatory requirements in the rendering of training and other services to the industry.

The RMAA interacts on a regular basis with various stakeholders including companies, suppliers, customers, tertiary institutions and government departments and is represented on various industry committees, organisations, associations, forums etc. Our annual conference and congress is our main event during which time relevant information pertaining to aspects of abattoir industry and the meat industry as a whole is provided to the various stakeholders.

The RMAA kindly requests that your company consider a sponsorship toward the RMAA Annual Conference and Congress for 2019.

Spier Wine Farms

Spier creates award-winning wine, offers hotel and conference facilities, has sweeping views of the Helderberg mountains and beautiful historic buildings and gardens. But we are more than a typical wine farm. While honouring our heritage, Spier recognizes that we are part of a rapidly changing world that requires a new way of thinking and being. However you engage with us, Spier seeks to inspire learning, discovery and reflection as we journey together towards a sustainable future.

The Spier Hotel lies besides the calming waters of the Eerste River. The rooms are situated in village-style buildings grouped around six private courtyards, each with its own swimming pool in a design reminiscent of the Bo-Kaap or Mediterranean villages where pedestrians have right of way.

Spier’s historic farmyard – the Werf – has been meticulously restored. Visitors can wander through the vegetable garden or relax on the lawn under ancient oak trees. The Werf is surrounded by beautiful Cape Dutch buildings which now host pop-up exhibitions and events.

Spier produces top-quality wines that have won multiple awards at local and international competitions. We produce the 21 Gables range (wines for special occasions), the Spier Signature range (a premium everyday wine), and for those looking for something unique, Spier Creative Block offers interesting blends. Our iconic wine, Frans K. Smit, named after our revered winemaker, is a Bordeaux blend, which speaks for itself.

TRANSPORT

Our in-house travel desk provides transport for you from the airport. If you wish to make use of this service, please contact Nico Bischoff via email at conference@spier.co.za or on +27-21-809 1959. Please forward the following information: date of arrival and/or departure, time of flight arrival and/or departure and the flight number.
RMAA Mission

We serve abattoir owners by:

• providing specialised training and technical support,
• distributing relevant information and
• representing owner’s interest to secure standards of meat safety and quality to the benefit of the red meat industry and the consumer.

RMAA Strategic Objectives

• Provide applicable training to ensure the highest standards of animal handling and meat safety and quality.
• Contribute to the development and implementation of hygiene management programs in abattoirs.
• Participate actively in the establishment of the skills development framework in the meat industry.
• Represent the interests of members on forums relating to the abattoir industry.
• Assist in the enhancement of meat hygiene awareness in rural communities.
• Create an environment conducive to the continuing education of abattoir personnel.
• Liaise with governmental and private stakeholders in the interest of common goals.

Abattoir Skills Training (AST)

AST was established by the Association to adhere to the legislation and regulations of the Department of Higher Education and Training as a registered Further Education and Training College. AST conducts generic and specific food safety and quality training in the meat industry and other related industries.

Abattoir Skills Training is responsible for the formal training with the industry on behalf of the RMAA and is an accredited training provider registered with:

1. AgriSETA as a training provider (ETQA) – AGRI/c prov/027710
2. Department of Education as a Further Education and Training College – 2011/FE07/010
3. SAATCA accreditation for Lead auditors training

AST has a Level 4 BBBEE rating with a B-BBEE Procurement Recognition level of 100%

AST Mission

To serve abattoirs and associated industries with related skills needs to ensure standards of food safety and quality to the benefit of these industries and their consumers.

AST Vision

To be the preferred food safety and quality training provider for the meat and related industries
