

NORTH PAC

Packaging Solutions

INTRODUCING NORTHPAC PACKAGING SOLUTIONS CC

Northpac Packaging Solutions CC's main business is the supply of packaging materials to the Meat Industry, which have been sourced from local and international manufacturers.

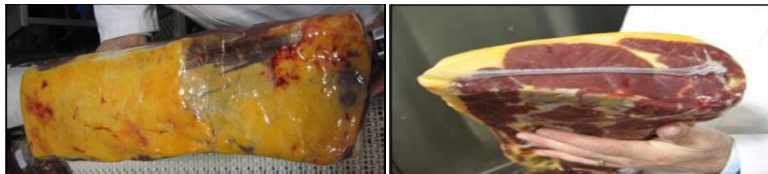

Our Primary goals are service and quality, with 20 years plus experience in the Fresh Red Meat and Retail industries, it is important for us to use our experience and incorporate it into our business strategy.

We are continuously sourcing newly developed products for our clients to provide them with cost saving as well as new fresh ideas.

To adhere to the local and international guidelines set by the industry, products are only sourced from approved Accredited and Certified suppliers.

Our product range is extensive, we source the following types of products and more:

✚ **AMCOR Shrink Bags** – For the extension of Shelf-Life of the various Primal Meats.

✚ **Tublin®10 Dry-Age Bags** for Dry-Aged Retail/ Over-the-Counter Portions

✚ **Shrink Net** for Retail Presentations i.e., Gammons, Ham, etc.

NORTH PAC

Packaging Solutions

✚ Plastic Packaging- only FSSC22000 Certified

- Box and Crate Liners

- Aprons – Disposable and Heavy Duty & Smocks & Long Sleeve Smocks

We also source various **General-Purpose Bags** – Clear and Coloured as well as **Foilene Sheets**. Should our client require other plastic packaging that is Food Safe for the Meat / Food industry as well as other industry related products we will strive to meet their needs there as well.

We have been seeing to the needs of our various client base for over 13 years from small businesses to the corporate businesses.

Should you require any further information or samples, please feel free to contact us.
